- *24 Hr Response*
- *In business since 1984*
- *Curriculum Vitae available on request & on our web site.*

CARS was established in 1984 to provide professional accident reconstruction to the legal and insurance industries. During that time, the staff has investigated thousands of accidents from the very simple to the most complex. We also work with other experts (animators, biomechanics, dynamicists, etc.) to provide a complete evaluation of all factors that go into understanding an accident. CV's are available upon request and on our web site.

**Mike C. Andrews, Ph.D.**

**[MikeAndrews@completerecon.com](mailto:MikeAndrews@completerecon.com)**

Dr. Andrews is a physicist (Ph.D, 1987, North Texas State Univ.) and computer scientist that came to accident reconstruction through his background in computer modeling. He began his work in accident reconstruction in 1987. Since that time, he has provided his expert opinion in hundreds of cases. He is a past Director and past President of the Texas Association of Accident Reconstruction Specialist (TAARS). He is also a member of the Society of Automotive Engineers (SAE), the American Academy of Forensic Science (AAFS), and the American Physical Society (APS). The Accreditation Commission for Traffic Accident Reconstruction (ACTAR) has accredited Dr. Andrews. He has taught several courses related to accident reconstruction through Texas A&M University. He has also taught Astronomy and Physics at several local colleges. He has qualified as an expert in local, state and federal courts.

**Joe O. Montgomery**

**[JoeMontgomery@completerecon.com](mailto:JoeMontgomery@completerecon.com)**

Mr. Montgomery has a Bachelor of Science degree from East Texas State University in Broad Field Social Sciences and has done graduate work at Texas A&M University in Curriculum Design. He was a Dallas Police Officer for fifteen years including seven years as the late night Traffic Supervisor. In 1986 he accepted full time employment at the Law Enforcement and Security Training Division of the Texas Engineering Extension Service (TEEX), a part of The Texas A&M University System. He was in charge of the motor vehicle collision and reconstruction program. Mr. Montgomery was the founding president of TAARS, and has served as Chairman and Board member for ACTAR. He is a Certified Fleet Safety Specialist through the Texas Motor Transportation Association (TMTA) and has qualified as an expert in local, state, and federal courts.

**Larry Self**

**[LarrySelf@completerecon.com](mailto:LarrySelf@completerecon.com)**

Mr. Self holds a Bachelor of Science Degree from Abilene Christian University in Criminal Justice with a minor in Mathematics. He also holds Advanced and Instructor Certificates from the Texas Commission on Law Enforcement Officer Standards and Education. Mr. Self served as an active police officer for the City of Dallas Police Department for 24 years.

Mr. Self was an instructor with the Law Enforcement and Security Training Division of the Texas Engineering Extension for 8 years. He was responsible for coordinating the specialty courses and seminars relating to traffic collision investigation and for providing instruction in accident investigation and reconstruction. He has been a Training Specialist with GE I-Sim Driver Development Services. Mr. Self is a past-President of TAARS. He has also served as the Vice-President and Region II Director for the association. Mr. Self is ACTAR accredited, is fleet safety certified through the TMTA – National Motor Fleet Safety program, and is certified as a Child Passenger Safety Technician through the National Child Passenger Safety Technician program sponsored by the American Automobile Association. He has testified as an expert witness in Accident Investigation and Reconstruction in numerous local civil courts and State Civil and Criminal District Courts.
